WATER &  
WASTE WATER  
SOLUTION

*The Best You Can Get...*

## About Sankalp Enterprises

Making a better, safer & environment friendly systems !!

Sankalp Enterprises was established in Bangalore in the year 2010 by a Techno Craft turned entrepreneurs B. S. Shankar & S. P. Basavaraju as a trading organization dealing with water & waste water system, services, Refurbishing & revamping of your existing systems for generation of requisite water quality, quantity & reducing operational cost.

Apart from providing unparalleled services for water and waste water systems we also provide a unique "Comprehensive Services" for O & M of any type of water & waste water systems.

Our Service team is trained to diligently operate the plants based on SOP's, take care of any minor variations in inlet quality / quantity, take proper actions in case of any large variations at inlet, trouble shoot, carry out preventive maintenance at regular intervals and methodically record all observations at regular intervals in log sheets. Our site personnel are provided with all required safety gear (Safety Shoes, Uniforms, Helmets, Goggles, Face Masks etc..) and at all times the appropriate gear is used to avoid injury / health hazards. This results in zero defect, accident free working at sites.

Under comprehensive services, in addition to manpower & chemicals all rectifications / replacements required (from the smallest item like a nut / bolt upto expensive items like RO membranes etc..) during the contract period shall be in our scope.

We take care of start to end solutions of the client systems which enables client to take care of their core business.

### Mission

To provide "Integrated Water Solution" to our client with best quality of product & services at reasonable price.

### Strength of Sankalp

- Pioneering Latest Technology
- Vide expertise in the field
- Value for money
- Responsive & Responsible service team.

We are a firm believer in providing innovative solutions that are custom designed as per the requirements of our valuable customers. We endeavour to always add value and hence offer / provide solutions that are innovative, cost effective & based on the most appropriate technologies.

## Technical Expertise

Sankalp major business interests are in the field of Water Treatment, Waste Water Treatment systems that comprise of :

### Pre Treatment :

#### Flocculation & Sedimentation Systems

- Multi Media Filters for Reduction in Turbidity
- Activated Carbon Filter for Removal of Iron
- High Rate Solid Contact Clarifier
- Flocculators, Clarifiers etc.,
- Activated Carbon Filter for Dechlorination, Odour & Smell

#### Resin Based Systems

- Softeners
- De mineralizers & mixed bed ionizers
- Colour removal unit

#### Membrane Separation Systems

- Reverse Osmosis
- Ultra Filtration
- Micro Filtration
- Nano Filtration

#### Waste Water Treatment & Recycle Systems

(Based on Physio Chemical, Biological, Membrane Based)

- Sewage Treatment
- Industrial Effluent Treatment Plants

## Minnicare Cold Sterilant

Dealers for minnicaresterilant which are used to protect your system. Minnicare cold sterilant is a peracetic acid solutions developed for use on reverse osmosis membranes & there associated distribution systems. Peracetic acid formulations have been developed by minntech.

### Advantage

- Does not produce toxic aldehyde vapours
- Compatible with thin film composite membranes
- Superior biocidal activity
- Easily disposable
- Biodegradable

## Minnicare Test Strips

(Leading edge of test strip technology)

Minnicare Test strips provide quick results with easy to read indicator. The minnicare 1% TS test strips as a pass/fail measurement for adequate concentration of sterilant after dilution. Then, verify residual levels after rinse out using minnicare residual test strips.

## INDUSTRY SEGMENTS

- ☞ Pharmaceuticals
- ☞ Food Industry
- ☞ Packaged Mineral Water
- ☞ Engineering & Machinery
- ☞ Electronics
- ☞ IT Parks & Textile
- ☞ Commercial Complex & Malls
- ☞ Residual Complex
- ☞ Hotels & Hospitals
- ☞ Institution & Corporate Offices

## PARTIAL CUSTOMER LIST

- ☞ APOTEX PHARMA - Jigani, Bangalore
- ☞ STRIDES ARCOLABS - Bommasandra, Bangalore
- ☞ RANBAXY - Bangalore
- ☞ ONCO THERAPIES LTD. - Jigani, Bangalore
- ☞ AGILA SPECIALITIES PVT. LTD., - Bangalore
- ☞ GLOBAL HOSPITAL - Chennai
- ☞ NANDI AQUA - Bangalore
- ☞ GLOBAL CALCIUM PVT. LTD., - Hosur
- ☞ AGILA SPECIALITIES PVT. LTD., - Jigani, Bangalore
- ☞ BIOGEN - Bangalore
